Rapi-Driv® Cushion-Grip Screwdrivers – Square-Recess

KLEIN TOOLS
For Professionals... Since 1857®

“Crank-action” handle for fast one-handed operation

Introducing Klein’s new Rapi-Driv® cushion-grip rotary screwdrivers for square-recess applications. Rapi-Driv® screwdrivers are a must for professionals who want a comfortable and timesaving tool. Now offered with No. 1 and No. 2 square-recess tips, the screwdriver shank rotates in the handle saving time and effort – especially on long-threaded screws. Klein’s rotary screwdrivers also feature cushion-grip handles for added comfort while the square-recess screwdrivers have green (No. 1) or red (No. 2) color-coded handle ends for easy identification.

Features

▲ WARNINGS:

- Always wear approved eye protection.
- NOT Insulated. Will not protect against electrical shock.
- Do NOT use to pry or chisel.
